

The Spanish Department, this year, has had the unique privilege to be awarded a scholarship for one of our students studying for GCE AS Level Spanish to attend a course of intensive learning in the Spanish language. It would give the opportunity to one of our students to immerse themselves in the true Spanish culture and traditions as well as improving their language skills. The program offers you an intensive Spanish course tailored to your individual needs with expert instructors and dedicated one-on-one teaching. The scholarship consists of one week intensive Spanish of 20 classes with homestay accommodation.

Students in Year 12 were asked to apply for the opportunity to be considered for this course by writing a letter stating why they think the course would be beneficial to them and why they would want to avail themselves of this course.

The letters were then passed to a panel of teachers, including Ms McGovern, Head of Spanish and Ms Somrah Head of Sixth Form, to read and choose the lucky individual. I am extremely pleased to announce that the winner of this prestigious event is Rishard Haddad

**Congratulations Rishard!**
