

19th September 2018

Dear Parent / Carer,

This is a letter regarding the Year 11 Pre-Public Exams in Science. These will take place week commencing 3rd December.

Students have been given a Science revision workbook they can use and keep, which has a timetable they should be following as a minimum guideline for revision. Students have also been given exam question packs and we expect unit 1.1 to be completed in half term for all three sciences.

It is essential that your child attempts these exams with the aim of achieving the best possible results they can as these exams will give the pupils the indication of how their summer public exams will be received.

Topics that will be tested

Biology: B1 Cell level systems, B2 Scaling up, B3 Organism level systems

Chemistry: C1 Particles, C2 Elements, Compounds and mixtures, C3 Chemical reactions

Physics: P1 Matter, P2 Forces, P3 Electricity and Magnetism, for separate science additionally P4 Magnetism

Revision resources can be found on Frog which include past paper questions, board works quizzes and mindmaps. Students also have access to the online textbook and further practice questions at <https://www.kerboodle.com>.

If you have any further questions please feel free to contact me on 0208 575 8222 (Ext 442)

Yours faithfully

Ms Ul-Haq
Second in Science/Key Stage 4 Manager
