

24th January 2019

Dear Parent / Carer,

I am writing this letter to inform you that your son/daughter will have an important Progress Test for Science. The Science tests will take place on **Monday 4th February Period 5 (A half) and Period 2 (B half)** covering the following topics:

- **Separation Techniques**
- **Motion & Pressure**
- **Metals & Acids**

Please remember that **all pupils have access to 'FROG' and 'Kerboodle'**, which I would strongly encourage them to utilise:

[Access FROG via the VLE link on the Cardinal Wiseman school homepage](#)

The Science department KS3 folder on FROG has boardworks presentations and test-style revision questions with answers for each topic. To access it click on FROG drive link at top of screen; click documents; click Frog resources U: enter login details then find Science folder and KS3.

www.kerboodle.com

username : same as their school username

password : same as username when logged on for first time, then change password

institution : hgu0

These tests will be an important indication to the Science Department of progress and need to be attempted with maximum effort.

If you have any queries please contact me on 0208 575 8222 Ext 437

Yours faithfully

Mr Cunningham

KS3 Science Data Manger, KS5 Physics Manager
