

25th May 2016

Dear Parent / Carer,

I am writing this letter to inform you that your son/daughter will have an important Progress Test for Science on **Friday 10th and Wednesday 15th June**.

The Science lessons on these days will consist of two test papers. **The test will cover the content of what has been learned so far this year:**

FRIDAY 10TH JUNE:	Cells	Forces	Particles	Space	Elements	Reproduction
WED 15TH JUNE:	Light	Acids Alkalis	Reactions	Sound	Body Systems	

Please remember that **all pupils have access to 'FROG' and 'Kerboodle'**, which I would strongly encourage them to utilise:

[Access FROG via the VLE link on the Cardinal Wiseman school homepage](#)

The Science department KS3 folder on FROG has boardworks presentations and test-style revision questions with answers for each topic. To access it click on FROG drive link at top of screen; click documents; click Frog resources U: enter login details then find Science folder and KS3.

www.kerboodle.com

username : (Example) jblogs (initial then last name; lowercase; no hyphens)

password : same as username when logged on for first time, then change password

institution : hgu0

Also BBC Bitesize KS3 has interactive activities and tests for Science:

<http://www.bbc.co.uk/education/subjects/zng4d2p>

These tests will be an important indication to the Science Department of progress and need to be attempted with maximum effort. They will also inform set changes for the start of next year.

If you have any queries please contact me on 0208 575 8222 Ext 437.

Yours faithfully

Mr T Davies

Science Key Stage 3 Manager
