

14th May 2018

Dear Parent / Carer,

I am writing this letter to inform you that your son/daughter will have their End of Year Progress Test for Science during their Science lessons. The test will be comprised of 2 papers covering all topics from this year:

Monday 11 th June (A half) Tuesday 12 th June (B half)	Ecological relationships	The Earth	Adaptation & Inheritance	Separation Techniques	Motion & Pressure	Science Skills
Friday 15 th June	Metals & Acids	Periodic Table	Health & Lifestyle	Energy	Electricity and Magnetism	Science Skills

Please remember that **all pupils have access to 'FROG' and 'Kerboodle'**, which I would strongly encourage them to utilise:

[Access FROG via the VLE link on the Cardinal Wiseman school homepage](#)

The Science department KS3 folder on FROG has boardworks presentations and test-style revision questions with answers for each topic. There are also quiz games for each topic. To access it click on FROG drive link at top of screen; click documents; click Frog resources U: enter login details then find Science folder and KS3.

www.kerboodle.com

username : first letter of their first name, then full last name e.g. Joe Bloggs username: jbloggs
password : same as username when logged on for first time, then change password
institution : hgu0

These tests will be an important indication to the Science Department of progress and need to be attempted with maximum effort.

If you have any queries please contact me on 0208 575 8222 Ext 437

Yours faithfully

Ms Ul-Haq
Science Key Stage 3 Manager
