

“All things for Christ”

Welcome to
The Cardinal Wiseman
Catholic School

Let us Pray together

Dear Lord Jesus

We ask for your blessing and protection on our school community as we seek to live out Your gospel values.

May our Peace within, touch the hearts of those we meet

May we always be the bearers of Your Truth

May we show Your Love in all we say and do

May our search for Justice be guided by You

May we forever seek Equality for all.

May we always have the power of Forgiveness, for ourselves and others

And may we all, at the Cardinal Wiseman, continue to serve you daily, in all that we do.

Amen

YOLO: Q&A App (17+)

Currently at the top of the App Store chart, YOLO: Q&A is a social networking app that is used with SnapChat (although not affiliated by Snapchat). YOLO is rated as 17+ in the app store, which means you should be at least 17 years old to download this app.

YOLO is an acronym for 'you only live once.' In YOLO, users request to "send me anonymous questions" which then posts the request in Snapchat (via their Snapchat story or to a group of friends). All questions are then sent via YOLO anonymously.

The NSPCC have issued a warning about this app as it can clearly be misused to send abusive or upsetting messages (Source: <https://www.bbc.co.uk/news/technology-48214413>).

Due to the nature of this app we would highly recommend that the age rating of this app is adhered to.

More information

- Safer Schools have produced this helpful YouTube video which summarises what YOLO is: <https://www.youtube.com/watch?v=RQVRkMA9KZU>

Instagram – Comment controls

Don't forget that Instagram include controls to help you manage comments on your posts. Select 'hide offensive comments' to automatically hide comments that may be offensive from your posts. You can also create your own list of words or emojis that you don't want to have appear in your comments. To access these filters, go to the settings menu, privacy and security and then select comment controls.

Use the S.H.A.R.E checklist

The government has released a S.H.A.R.E checklist to help you spot misleading news or information online to avoid it being shared.

When incorrect information is shared it can have serious consequences, for example it can lead to health scares and hoax stories.

So before you like, comment or share online, use the checklist which is available here: <https://sharechecklist.org/>
