

Boys Hairstyles

The school expects children to have a conservative hairstyle which matches the expectations of our school uniform policy. A grade 2 is the shortest cut the school permits; this applies to the back and sides of the student's hair as well as the top.

The school does not permit student's to have lines or extreme hairstyles; this would include (but not exclusive to) the following hairstyles:

Too short and a tram line

Too long on the top and too short on the sides

Not graduated in

Below a grade 2 on the back & sides

Braided hair must be braided at the sides

Twists are not suitable

Undercut is not suitable

As a general rule of thumb hair must be cut evenly on both sides of the head and the top of the hair should blend in with the back and sides. Cane rolls are acceptable if applied to the whole head (not just the top and shaved at the sides).
