SELECTING SUBJECTS

Your choices here will be impacted by your predicted grades - remember that these can improve throughout the year improving your

It is very very common to be unsure about these choices. You will not be alone if you are worried. Pick subjects you enjoy especially as you will be studying at least 10 hours a week per subject as compared to 2-4 hours that you might be doing at GCSE. Imagine if you don't really like it...

Remember that you can change these at any time. Come to the 6th form area (J104) or see Mrs Sowa should you want to talk to someone about courses – especially if you are concerned that you might need certain subjects for university courses

You can only pick a maximum of 1 subject from each block

Courses you wish to study

Welcome to The Cardinal Wiseman Sixth Form. We are a Catholic School community, the Sixth Form is open to students of all or no faith backgrounds. In each of the last eleven years Wiseman students have gained Oxbridge admission; there is no achievement ceiling. However, we recognise that not all students wish to take on the significant cost of university. We have developed partnerships with a number of companies, providing work experience, apprenticeships and degree apprenticeships for our Sixth Form.

Through my experience of working in a number of schools, I have found the level of care and support offered to students here is unique. Every student matters, whether they have been here since Year 7 or joined following GCSE's. Any student here will tell you of the kindness, help and time given by staff as academic and personal challenges emerge.

Cardinal Wiseman is a brilliant choice for your Sixth Form

Once completed your application should say 100% and you will get a green bar at the top.

If you need to, you can go back at any point and update information.
