

The  
**Cardinal Wiseman**  
Catholic School

14<sup>th</sup> January 2022

Dear Parent / carer,

**Re: Apprenticeships Parents Information Evening: 6pm Thursday 20<sup>th</sup> January.**

Cardinal Wiseman Sixth Form would like to invite you and your child to join us for an on-line Apprenticeships Parents Information Evening taking place on Thursday 20<sup>th</sup> January from 6pm - 7pm.

With the growing popularity of Degree Apprenticeships, we believe that it is vitally important that you and your child have all the relevant information to consider this alternative to a traditional university based degree, that offers full time employment as well as a fully funded degree. The evening will consist of the following:

- An overview of the concept of degree apprenticeships;
- three separate employers, each giving a short presentation about their own degree apprenticeships, how the time is divided between work and study, what support is offered to apprentices and what the benefits are to both the company and the young person;
- a university that provides the apprenticeships teaching to explain how the degree is delivered;
- the evening will conclude with a questions and answers session, where you will be able to send us your questions through the on-line platform.

We hope you will be able to join us for this exciting talk. In order to participate you will need to join the event via the link below.

If you have any questions in advance of the event, or if I can help with anything else in relation to your child's future plans, please do not hesitate to contact me here at school on the details below.

Yours sincerely,

*M Sowa*
