

Wiseman Career Lecture 7

On Monday 30th October we welcomed our ex-student, Mr James Smyth, who is currently working as a Senior Executive Officer for Mr James Murray, Labour MP for Ealing North and Shadow Financial Secretary to the Treasury of the United Kingdom. Mr Smyth shared with our students, many of whom study Government & Politics A Level, his own journey through A Levels in Wiseman and a Politics Degree at SOAS. He explained how his work is divided between supporting Mr Murray in House of Commons in the Parliament, Ealing North Constituency and also in the Labour Party. It sounded like a very interesting job where no day is ever the same as the next. One day you could be writing a speech and researching the topic, the next day you could be organising a local campaign or a constituency event such as coffee mornings.

Mr Murray will be visiting our school in February 2024, to talk to Year 13 students about the general election, which will be called at some point in 2024.
