

# Wiseman Career Lecture 9

Career Lecture number 9 on 13<sup>th</sup> November 2023, was on the topic of Primary Teaching. We welcomed ex-student Mr Richard Gauci, who after graduating from St Mary's, Twickenham has been a teacher at Our Lady of the Visitation since 2015. Mr Gauci talked so passionately about his profession, his talk was full of laughter and joy. He shared lots of examples of creativity that goes into preparing lessons and all the fun that children enjoy. He was equally honest about the challenges and stresses of the profession and the true commitment that is needed to persevere. He explained what routes into teaching are available and about the necessary work experience that the university candidates must complete. It would be wonderful if he inspired some students to apply for a degree in the Primary Teaching or teaching in general.
