

Year 10 Art Trip to Kew Gardens October 2024
With thanks to Ms Craig and the Art Department
for organising this event.

On Friday 11th October the Art department took our y10 students to Kew gardens .

Glorious autumn sunshine allowed us to really make the most of our day sketching and photographing the plants and scenery . Brave students enjoyed the tree top walk – allowing them a bird's eye view of the landscape bellow. The green houses contained a range of plant life from the majestic palms to the creepy alien forms of the pitcher plants .

Particular highlights included the Giant Fish in the Princess of Wales conservatory and the beautiful resident fox.
