

### Anti-Racism Statement:

At The Cardinal Wiseman school, we are committed and determined in our pledge to addressing racism in any form. We recognise our role and responsibility in providing equal opportunities for all students and staff as outlined in our Equal Opportunities Policy.

As an anti-racist establishment, we recognise racism can be subtle or unconscious and understand the importance of actively challenging and dismantling racial inequalities. As a school, we will not tolerate racism in any form which is reflected in our school behaviour policy.

Our message is clear, all students have the right to be celebrated, listened to, respected, treated fairly and with dignity in a safe environment irrespective of their ethnic background or race. We strive to amplify the voices of Global Majority children to ensure they receive an inclusive education in line with our school motto, 'All Things for Christ' and our gospel values. We aim to promote a school environment in which everyone thrives and are accepted as God's image. Students are taught through church teachings of God's love being equal to all and does not discriminate.
