The governing board will:

All school staff are expected to have regard to this document and to work to achieve the objectives as set out in section 8.

#### **4. Eliminating discrimination**

The school is aware of its obligations under the Equality Act 2010 and complies with nondiscrimination provisions.

Where relevant, our policies include reference to the importance of avoiding discrimination and other prohibited conduct.

New staff receive training on the Equality Act as part of their induction, and all staff receive refresher training annually.

The school has a designated member of staff for monitoring equality issues, and an equality link governor. They regularly liaise regarding any issues and make senior leaders and governors aware of these as appropriate.

#### **5. Advancing equality of opportunity**

As set out in the DfE guidance on the Equality Act, the school aims to advance equality of opportunity by:

- Removing or minimising disadvantages suffered by people that are connected to a particular characteristic they have
- Taking steps to meet the particular needs of people who have a particular characteristic
- Encouraging people who have a particular characteristic to participate fully in any activities (e.g. encouraging all pupils to be involved in the full range of school societies)

In fulfilling this aspect of the duty, the school will:

- Publish attainment data each academic year showing how pupils with different characteristics are performing
- Analyse the above data to determine strengths and areas for improvement, implement actions in response and publish this information
- Make evidence available identifying improvements for specific groups (e.g. declines in incidents of homophobic or transphobic bullying)

## 6. Fostering good relations

The school aims to foster good relations between those who share a protected characteristic and those who do not share it by:

- Promoting tolerance, friendship and understanding of a range of religions and cultures through different aspects of our curriculum. This includes teaching in RE, citizenship and personal, social, health and economic (PSHE) education, but also activities in other curriculum areas. For example, as part of teaching and learning in English/reading, pupils will be introduced to literature from a range of cultures
- Holding assemblies dealing with relevant issues. Pupils will be encouraged to take a lead in such assemblies and we will also invite external speakers to contribute
- Working with our local community. This includes inviting leaders of local faith groups to speak at assemblies, and organising school trips and activities based around the local community
- Encouraging and implementing initiatives to deal with tensions between different groups of pupils within the school. For example, our school council has representatives from different year groups and is formed of pupils from a range of backgrounds. All pupils are encouraged to participate in the school's activities, such as sports clubs. We also work with parents to promote knowledge and understanding of different cultures
- We have developed links with people and groups who have specialist knowledge about particular characteristics, which helps inform and develop our approach

## 7. Equality considerations in decision-making

The school ensures it has due regard to equality considerations whenever significant decisions are made.

The school always considers the impact of significant decisions on particular groups. For example, when a school trip or activity is being planned, the school considers whether the trip:

- Cuts across any religious holidays
- Is accessible to pupils with disabilities
- Has equivalent facilities for boys and girls

## 8. Equality objectives

1. Continue to reduce the number of suspensions and permanent exclusions for students with SEN and any overrepresented ethnic groups. This will be achieved by use of reasonable adjustment, internal and external support services and parental engagement.
2. Adopt *therapeutic thinking* as a whole school initiative so as to allow children to develop internal discipline. The aim being that they will behave pro-socially. We have chosen this objective to reduce the number of suspensions for black and white Caribbean students.
3. Review curriculum content to ensure that resources, role models and content reflect the diverse community that exists at Cardinal Wiseman Catholic School. All curriculum areas are reviewing their schemes of work, reflecting on the diversity of authors, Saints and curriculum content.
4. To ensure that all students are given equal opportunities in the curriculum and in cocurricular activities. We will track the profile of students who attend trip, visits and internal enrichment. Disadvantaged students are prioritised and given financial support.

## 9. Monitoring arrangements

The Governing Body will update the equality information we publish at least every year. This document will be reviewed by the Director of Inclusion at least every 4 years.
